MEETING AMONG SPANISH TROOPS.

Some at Mindanao Flatly Re-
fuse to Go to the La-
drone Islands.

THEY WILL BE SENT TO SPAIN.

Native Troops in Spanish Garrison
in Mindanao Refuse to Give
up Their Arms.

THEY ARE IN A VERY SAD CONDITION.

They Must Accompany the Spanish
Troops in Evacuation or Risk
the Vengeance of Their
Compatriots.

Manila, April 21.—Spain's evacuation of the Philippine islands will be practically completed by the withdrawal of the Spanish garrison from the island of Mindanao, and from the Sulu islands. If the United States assumes control of Mindanao and the Sulu islands on the island's withdrawal, the military authorities here, must in order to garrison those islands, diminish the forces of American troops, which are already too small.

There was almost mutiny among the Spanish troops in the islands because they were ordered to proceed to the Ladrone islands and the Caroline islands, some of them refusing to do so, claiming that their enlistments had expired. The latter were exempted and were allowed to return to Spain on board the transport Alava.

The native troops in the Spanish garrisons are in a sad plight. They must accompany the Spaniards or risk the vengeance of their compatriots. The Spaniards propose to disband them, but they refuse to give up their arms.

The natives of Zamboanga, emboldened by the suspicious capture of the armaments on board the Spanish gunboats, which were purchased there by Francisco Reyes of this place, are likely to prove troublesome when the Spanish garrisons are withdrawn from the coast towns on the island of Mindanao. It is believed that the smoldering tribal wars will then be resumed, anarchy will prevail and the inhabitants of nearly every village will fight with their neighbors.

A tripartite exchange of prisoners will be arranged if it is possible to negotiate with the Filipinos, as if they were a civilized nation. If the Filipinos consent to release the Spanish prisoners, the Americans might release the Tagalos they hold prisoners, in return for which, Spain would free her political prisoners. The provisions of the Paris treaty would thus be carried out. The Spanish commission, however, hesitates to enter the Filipino lines, fearing treachery, although Aguinaldo has guaranteed the safety of the commissioners.

The release of the Filipinos held by the Americans might be distinctly advantageous as they all claim to be converted to the American cause by the good treatment they have received and announce themselves to be anxious to influence their friends in favor of the policy of the United States.

THE MISSING CREW.

They Were Captured or Killed by Spaniards or Insurgents.

Manila, April 21.—A force of 200 rebels Thursday afternoon attacked the outposts of the Washington regiment near Taug, south of Pasig and Biteros. Two companies immediately engaged the enemy and advanced into the open in skirmish order. The rebels were checked and routed after two hours' fighting, leaving 12 men killed on the field and 30 wounded. The American troops also obtained possession of many Mauser rifles and many other weapons. Three Americans were wounded.

Six companies of the South Dakota regiment marched from Bocave and formed a conjunction with three companies of the Minnesota regiment from Guigun. To the north of Bocave they encountered the rebel forces numbering fully 500 men, when two miles out. The enemy retired three miles in fairly good order, in spite of the fact that the rebels suffered heavy losses. The American, having exhausted their ammunition, were compelled to retire.

Admiral Dewey in an interview said the expedition of the Yorktown to Baler, was purely to rescue the Spanish soldiers and priests who were being besieged by the insurgents, the soldiers refused to surrender when ordered to lay down their arms by General Rios at the

end of the Paris peace conference.

Admiral Dewey said he did not know what had become of Lieutenant Gilmore and the 14 men in the launch. They had been to sound the mouth of the river, but went beyond the bend out of sight of the Yorktown. The supposition is that they were captured or killed by the Spaniards or the 400 insurgents who were besieging the Spanish garrison. Admiral Dewey declined to say what steps he would take toward the punitive expedition.

General Rios, the Spanish commander, when interviewed did not think the garrison at Baler knew the war between the United States and Spain had ended. He sent an officer in January to tell the garrison to surrender. The garrison refused to surrender, either not believing the officer or fearing they would be trapped by the insurgents. Since then General Rios has had no communication with the garrison, and this is the first information he has had that the Spanish flag was still flying at Baler. He thought the Americans were shot by insurgents as the Spaniards themselves were besieged and have no way of getting to the river. General Rios said he had not been consulted.

General Rios doubted whether the proposed exchange of Filipinos for Spanish prisoners would succeed, as the insurgents are holding the Spaniards in hope that it may help their cause. They are not seeking money.

A letter containing General Rios' last appeal to Aguinaldo said the release of Spanish prisoners would create a bond of sympathy between Filipinos and Spain.

The heat was intense this afternoon. At noon the thermometer registered 95 degrees and the mercury rose gradually during the afternoon. There were several prostrations among the troops, but only one man wounded. Army tugs opened fire on the enemy along the river banks. The rebels were unusually active west of Malolos as far as Calumpit. They were busily at work in their trenches, and several new trenches have been discovered within two miles of the railroad. Fires are burning east of the railroad and it appears that the rebels have evacuated the foothills of the towns in anticipation of an attack upon the part of the American troops.

Volunteers in the Philippines.

Washington, April 21.—The volunteers in the Philippines will return home in the order in which they sailed for Manila, which is as follows: First California, Second Oregon, detachment California artillery, A and B Utah artillery, First Pennsylvania, First Colorado, First Nebraska, First North Dakota, Thirteenth Minnesota, First Idaho, First Wyoming, First Montana, First South Dakota, First Washington, Twentieth Kansas, First Tennessee, Fifty-first Iowa, troop of Nevada cavalry and First Wyoming battery.

Sails for Manila.

San Francisco, April 21.—The transports Newport and Warren have sailed for Manila. The Newport carries light batteries F, of the Fourth and Fifth artillery, 125 marines, and some Red Cross nurses. The Warren carries eight batteries of the Sixth artillery, 200 recruits and 50 men for the hospital corps. Both transports are heavily laden with food, provisions and ammunition for the army and navy.

TEXAS LEGISLATURE.

Dallas City Charter Bill Rejected by Senate on Final Passage.

Austin, April 21.—A great many petitions and memorials from over the state on the antitrust bill were read in the senate yesterday, a majority of which favored the bill. Half an hour was consumed in reading the petitions.

House bill granting to the city of Austin, for school purposes a vacant block of ground, passed to a third reading.

The Dallas city charter bill was taken up. Several amendments were proposed but all were defeated. The bill was called upon for final passage. A call of the senate was made and a motion to excuse absentees was voted down. A dozen times the motion to excuse absentees was renewed but failed. Finally the time of voting was placed at noon Monday and the senate adjourned to Monday.

The following bills were acted upon between times of rest in the debate and filibuster on the Dallas city charter bill: House bill granting the city of Sherburne a new city charter, passed finally.

House bill placing San Patricio county under the provisions of the general stock law, passed finally.

The house bill providing that all persons engaged in peddling shall pay an occupation tax, was finally passed.

The senate bill granting sewerage companies the right to condemn property, was engrossed and under a suspension of the rules was passed finally.

The senate bill requiring county commissioners' courts to submit bond issues to a vote of the people, passed finally under a suspension of the rules.

The senate bill providing for the condemnation of private property by towns and cities for the purpose of erecting waterworks plants and laying mains, was engrossed and passed finally.

Senate then adjourned to Monday

FIRST ANNUAL FIELD DAY.

Agricultural and Mechanical
College of Texas, April
21st, 1899.

The first annual field day at the A. and M. college was a marked success in the face of unfavorable weather, and marks an epoch in the history of the athletics of the college. The young men who participated in the contests and those who managed the Field Day exercises have reflected the greatest credit upon themselves and the institution and it is safe to say that Field Day will be perpetuated with added interest each year. The enthusiasm was great and the records made are creditable in a marked degree.

The hand ball contests, first on the list of events, was omitted yesterday, and will be decided this morning.

THE COLLEGE ORATORS.

A Brilliant Contest at the A. & M. College—Six Institutions Represented.

The state oratorical contest was held at the A. and M. college assembly hall last night before a very large and appreciative audience, visitors being present from many distant points. There were five orations delivered by representatives of as many institutions in different parts of the state. The visitors came accompanied by classmates and friends with special cars decorated in flags and streamers and the enthusiasm and interest displayed was very great. The address of welcome was delivered by Col. L. L. Foster, president of the college, whose cordial greeting and well timed address not only served to make the visitors feel at home, but won a place in their hearts for the speaker.

Music by the college band interluded the numbers on the program which is given below with names and subjects of the speakers:

"Battle of Quebec," Mr. McLeod, Austin College, Sherman; "The Supreme Happiness," Mr. Glenn Flinn, Southwestern University, Georgetown; "William of Orange," Mr. W. B. Beard, Trinity College, Tehuacana; "Alexander Hamilton," Mr. G. W. Steere, Ft. Worth University; "Reign of Peace," E. P. Aldredge, Baylor College, Waco; "Immortality," Mr. J. L. Spiller, Agricultural and Mechanical College.

The decision was awarded to E. P. Aldredge of Baylor, with Glenn Flinn of the Southwestern University second.

The judges were as follows: On delivery, Dr. O. H. Cooper of Carthage, Dr. W. H. Bruce of Athens, Judge A. W. Terrell of Austin. On manuscript, Hons. J. S. Kendall and J. M. Carlisle of Austin, President Pritchett of the Sam Houston Normal Institute.

BEGUN FILING SUITS.

Arkansas Taking Action Against Insurance Companies Under the New Law.

Little Rock, April 21.—Attorney General Davis has instituted in Pulaski circuit court 36 suits for \$5000 each against the Connecticut Fire Insurance company charging it with being a member of a pool, trust, agreement, combination or understanding with other corporations engaged in similar business to regulate or fix the price or premium to be paid for insuring property. The suits cover each day since March 6 when the new antitrust law became effective. The aggregate against the company is \$180,000.

The Connecticut is one of the oldest companies in existence and has been doing business in Arkansas a number of years. Since the enactment of the new antitrust law the company has continued to do business in this state. It is understood that the company maintain that the Arkansas law cannot affect any fire insurance company so long as such company is not a member of any rating bureau seeking to fix or control rates in this city.

Gas Company Will Appeal.

San Antonio, April 21.—Judge Green has appointed Ben M. Hammond, formerly president and manager of the Laredo Electric Light company, to be receiver of the San Antonio Gas company, which concern was placed in the hands of a receiver for alleged charta violation and entering into an alleged local trust or combine.

Hammond's bond was fixed at \$50,000. The supersedeas bond of the gas company was fixed at \$5000. The case will immediately go to the court of civil appeals for final decision as to the receivership.

Denning Strike Serious.

Altus, Ark., April 21.—Much excitement prevails over the strike situation at Denning mines. Several attempts have been made by the company to start work, but the nonunion employees were forced by violent threats to abandon work. The sheriff has placed 50 deputies to guard the company's property and protect the men willing to work. Several union men are under arrest.

Held Under Heavy Bond.

Philadelphia, April 21.—Arthur Taylor and Baldwin S. Bredell, engravers, who were arrested in this city in connection with the counterfeiting conspiracy unearthed by the secret service department, were arraigned before United States Commissioner Edmunds. They waived a hearing and were held in \$20,000 bail for each count. The evidence against them is damaging.

Fire at Gatesville.

Gatesville, Tex., April 21.—The oil warehouse of Honeycut & Jenkins was destroyed here by fire. The fire spread to two large stone buildings on Main street completely gutting them. Loss about \$20,000.

A POSITIVE DECLARATION.

WHAT you want, expect and pay for, you ought to have. When you buy "all wool" and it proves half cotton, it naturally sets you to thinking. When "half price" bargains prove to be high priced ones it causes more suspicion. We want the store to be like Caesar's wife, "above suspicion." That's why all wool means all wool and a bargain is a bargain here.

Think of this when you want a suit. You will get an honest suit here, one with that permanency of the fit which comes from correct tailoring, combined with perfectly woven clothes of dependable woollens, that shape holding quality which stays with the suit till it's worn out.

We intend making this the most momentous reason in the history of our store. If goods and prices are reliable indications, the accomplishment of our object is already assured.

THE BEEF COURT VERDICT.

It Will Neither Be in Miles' Favor or Against Him.

Washington, April 21.—General Miles will not be altogether sustained by the finding of the court of inquiry if the general opinion about the war department as to what these findings will be, is correct. It is expected that the court will complete its work and forward its final report to the secretary of war some time next week and although no authoritative statement as to the findings can be made, such information can be gathered as tends to indicate that the report will not completely sustain the allegations made by Major General Miles, nor will it completely dismiss them.

By the order convening it the court was directed to investigate the allegations made by General Miles as to the unfitness for issue of certain articles of food furnished to the troops in the field in Cuba and Porto Rico, and to submit with its findings of fact, such recommendations as to further proceedings as might seem to be warranted by the facts developed.

The opponents of General Miles made no secret of the fact that it was expected that the court would find the allegations of General Miles entirely without foundation and would recommend that proceedings be instituted against him. These expectations will not be realized and the probability is that the court will not recommend any further proceedings against either General Miles or any one else.

Among officers of the army it is believed that the finding will be "that the charge made by General Miles that the refrigerated beef was treated with chemicals has not been proved, though there was some ground for a reasonable suspicion and that some of it had been so treated, that the canned roast beef was good when purchased, but that it spoiled easily in the climate of Cuba and Porto Rico and that it was not suitable for issuing as to main part of the meat ration to troops engaged in the field operations in those islands."

It is probable that the court will make recommendations as to the best method of supplying the army with fresh meat in the future, and it may advise that special investigations into this question be made by the commissary department.

FAVORS TRIPLE SCREWS.

Melville Will Submit Such a Report to the Construction Board.

Washington, April 21.—Rear Admiral Melville will shortly submit to the board of construction a proposition for fitting the proposed armored cruisers with triple screws and it is believed the suggestion will be adopted promptly. Plans are being prepared for the other machinery of these cruisers. They follow those of the Minneapolis and Columbia. Considerable criticism has been aroused abroad over the suggestion to supply the three armored cruisers with triple screws, the English and German constructors being opposed to this method of propulsion. Our experts, however, seem to think that the Minneapolis and Columbia are good patterns to follow, in their triple screw feature at least.

The Tenth to Go to Cuba.

Washington, April 21.—The Tenth United States cavalry, the colored regiment which did such brilliant service in the Santiago campaign, is to have another tour of duty in Cuba. The regiment is now in Texas. It has been ordered to leave as soon as possible for Santiago, a part of the regiment will be stationed at Manzanillo and the remaining troops at San Antonio. They will operate against the bandits that have been giving so much trouble in Santiago.

Sheriff Killed by Moonshiners.

Knoxville, April 21.—Sheriff J. S. Dawson, of Cocke county, was killed at a late hour Thursday night from ambush, while on a revenue raid in the mountains of Cocke county, near the North Carolina line. There is said to be a strong party of moonshiners near the locality. Reinforcements will be sent the party of deputies at once.

Both Claim the Building.

Havana, April 21.—The captain of the port of Havana, Commodore Cromwell, has stationed a guard of marines to protect custom employes working at Casade-Pasageros against the efforts of the police to eject them. Both Chief of Police Menocal and Secretary of the Treasury Colonel Bliss claim the rights to occupy the building.

Several hundred cigarette, shoe and harness makers are out on a strike.

German Cruiser Ordered to Apia.

London, April 21.—A dispatch from Shanghai, to the News agency says the German protected cruiser Gefion has been ordered to proceed to Apia, Samoa, after embarking an extra supply of ammunition at Kiau Chou, China. Another cruiser is to follow her.

THE ACQUITTAL OF SENATOR QUAY.

Jury Says He Is Not Guilty
of Conspiring to Use
State Funds.

DEMONSTRATION IN THE COURTROOM.

Cheers Were Stopped, but Officers
Were Unable to Keep People
from Quay.

GREATER EXCITEMENT ON THE OUTSIDE.

On the Street an Attempt Was Made to
Carry Mr. Quay by Human
Hands—Mr. Quay Reap-
pointed Senator.

Philadelphia, April 21.—Ex-Senator Quay was declared not guilty of the charge of conspiring to use for his own unlawful gain and profit the funds of the state of Pennsylvania deposited in the People's bank of this city, of which he was an officer. This verdict was announced by the foreman of the jury just as the hands of the courtroom timepiece pointed to 11 o'clock. At the time the jury came filing into their places there were comparatively few people in the courtroom. The rule regarding the admission that prevailed since the trial began was strictly adhered to, and nobody got by the line of watchmen guarding the corridors who were not provided with a ticket. As a result of this arrangement only about half the seats

M. S. QUAY.

were occupied when the verdict was rendered.

There was an attempt at a demonstration, but this was sternly repressed by the court officers, whose loud shouts "Order!" "Silence!" was effective in silencing those jubilant spirits who wished to give vent to their feelings by cheering. The officers were unable, however, to keep back those who struggled to get to Senator Quay and congratulate him. Chairs were upset, tables brushed aside and hats smashed by the onrushing crowd.

Senator Quay, with a broad smile on his face, responded pleasantly to the greetings and congratulations of those who crowded around. A few political friends were there, these men were loud and sincere in their expressions.

Although the court officers prevented cheering in the courtroom their jurisdiction did not extend to the corridors of the city hall, and the first group of men who left the courtroom sent up a mighty shout which was taken up, and repeated by the crowd gathered just outside the "dead line," drawn by watchman beyond which only possessors of tickets were allowed to pass.

As soon as Senator Quay could get away from those anxious to shake his hand and congratulate him, he made his way, accompanied by his counsel, to the elevator to descend to the street from the sixth floor of the municipal building. Here the scenes of the courtroom were repeated. Everybody wanted to say something pleasant to him, and crowds gathered at the elevator shafts on each floor to watch the car carrying the Quay party to the street. The avenue surrounding the city hall is wide, smooth and in the neighborhood of the stamping ground of the politicians of the town. Here the enthusiasm was immense, as the senator emerged from the door of the building. A group of enthusiastic admirers rushed forward and attempted to hoist him onto their shoulders, but the senator waved them back, saying: "Oh, no, no. I'm too old a man for that." Senator Quay then walked with his friends one block down Broadway street to the office of his counsel where he escaped the surging crowd.

It is understood that he will at once join his family at Washington and will probably go away for a long rest.

Senator Quay's only comment on the verdict was "well, I expected it."

The case went to the jury at 8 o'clock Thursday afternoon and four ballots were taken before a final decision was reached. The first ballot stood 10 to 2 for acquittal, the next two stood 11 to 1. The one standing out for conviction by this time had very much modified his reasons for conviction and when the fourth ballot was taken he voted for acquittal.

Quay Appointed Senator.
Harrisburg, April 21.—Shortly after

noon today Governor Stone appointed M. S. Quay as senator to serve until the next session of the legislature. The appointment was addressed to the president of the United States and it is stated in a letter to be made under the authority of clause 2, section 3 of article 1, of the constitution of the United States.

PEACE WITH REBELS.

General Otis Says He Is Making Progress in That Direction.

Washington, April 21.—At the war department the hopeful feeling concerning the Philippines situation is encouraged by a cable from General Otis. He reports that the negotiations for peace are progressing satisfactorily. The commanding general says that he does not wish to make definite promises or predictions, but he believes he will be soon able to announce a result of communications passing between the commission and the leaders of the insurgents.

The state department has similar information from civil sources and confidence is expressed that the outcome of the efforts to establish American authority will be a success. Precisely what the terms are is not known. It can be stated on authority that not even the president is aware what terms the commission is offering to Aguinaldo and his associates. The commission has much discretion. It can give assurances in regard to amnesty and to local government. It is in position to make the conditions of surrender liberal.

The president has believed for some time that if his commissioners could get into free communication with the insurgents they would satisfy them that the interests of the Filipinos lay in the acceptance of American authority. The advice indicates that communication has been, or is about to be established. Evidently the insurgents have learned something from their recent terrible experience.

It is understood that Agoncillo, hearing of negotiations at home, intends coming to the United States from Paris. He wishes to be in reach of the president or the state department, that he may not be left out of the deal. He will not be received officially, but he can be afforded the privilege of talking with the American authorities, if he has any desire for information. He will be told again concerning the power of congress to provide the form of government for the Filipinos. He also will be made aware of the impossibility of President McKinley granting immediate independence to the archipelago, as was demanded in the beginning.

To Test Wireless Telegraphy.

Chicago, April 21.—On Saturday what is regarded as a supreme test of Marconi system of wireless telegraphy will be made in this city under the auspices of The Tribune. The advocates of the system have never tried it where large masses of steel are present to exert an influence upon the electric current, and if the signals can be made to pass over the high buildings in large cities it will be a success. The first attempt will be made from the top of the Masonic Temple to the auditorium, a distance of one-third of a mile. If this is successful, trials will be made between the temple and one of the water cribs in the lake.

The Report Untrue.

Paris, April 21.—Police officials announce that there is utterly no foundation for the report circulated by newspapers in this city that three cases of plague have occurred among the employees in one of the big stores in this city, to which the disease is alleged to have been brought in carpets of eastern manufacture.

May Cause Serious Accident.

London, April 21.—The feeling is growing among English racing men that Tod Sloan's method of riding will result in some nasty accident before the season is far advanced, as he is unable to steady his mounts. Sloan's health continues indifferent and his physical weakness is apparent.

Train Wrecked.

Aurora, Ill., April 21.—A train on the Burlington railroad was wrecked between Sugar Grove and Big Rock. Several cars left the track. Fireman C. Flock was killed. Two trainmen were injured, but none of the passengers were seriously hurt. The cause of the accident is unknown.

Out On a Strike.

Cripple Creek, Colo., April 21.—Employees in the train and yard departments of the Midland Terminal Railroad company are out on a strike for shorter hours. About 100 men are affected. The road is tied up.

Chief Paymaster.

Atlanta, April 21.—Major John C. Muhlenberg has been appointed chief paymaster of the department of the Gulf to succeed the late Colonel George E. Glenn, who died recently at Baltimore.

Ex-Governor Lord Declines.

Washington, April 21.—Ex-Governor Lord of Oregon, has declined the tender of minister to Persia. Governor Lord was an applicant for the Peruvian mission.

Charged With Murder.

Ardmore, I. T., April 21.—Ida Randolph was placed on trial here in the Federal court on a charge of killing Henry Ross by poison.

Extradition Treaty Adopted.

City of Mexico, April 21.—The senate unanimously adopted the new extradition treaty with the United States.

Killed by a Horse.

Sweetwater, Tex., April 21.—Tom Oldham, colored, was killed by being thrown from his horse here.

The Most Liberal Policy

EXTANT. EQUALED NOWHERE!

Not Approached by the Contract of any other Company.

On March 8, 1899, the PENN MUTUAL LIFE INSURANCE COMPANY made a radical departure. While retaining all of its great variety of plans of life insurance and, for the purposes of securing full information in order to judge of the acceptability of applicants, adhering to its present forms of proposals, it decided upon the issue of any one of its contracts of insurance it would immediately endorse thereon the following:

"This Policy is Absolutely Incontestable from date of issue for any cause except non-payment of premium, anything in this contract to the contrary notwithstanding."

While the Company will scrutinize carefully all applications, yet once agreeing to accept a risk, it is accepted in its entirety, wholly and irrevocably, without provision or condition, except the payment of premium.

The endorsement which it now puts upon its policies is not limited to a special class of insurers or to a few special forms of contract. All good and acceptable risks are treated alike, thus preserving a proper mutuality. No one is asked to forego his dividends—they may be used in reduction if he desires; no one is put into a special class; no invidious or unjust distinction in the membership is permitted. The contract of life insurance is so broadened and liberalized that it is a simple and inviolable promise to pay at a given date, or upon death, and NOTHING IN LAW OR EQUITY OR CIRCUMSTANCE OR CONDITION CAN POSSIBLY DEFEAT IT. It is the crystallization of the idea expressed in the few words: "You pay us; we pay you." It is freer from conditions than a bond of the United States, and is as unfailing security.

The effect of the above endorsement upon the policies of the Penn Mutual is to make them a world-wide contract, free from all conditions as to residence, occupation, travel, habit of life, and as to manner, time or place of death. It is the ultimate in life insurance, for no contract can possibly go any further than to be an unconditioned promise to pay.

Without any increase in premium, or without any stipulation as to the use of dividends, the policies embrace:

First—Automatic extension—the longest.

Second—Paid up insurance—the largest.

Third—Cash or Loan Values—the most liberal.

Fourth—No conditions as to residence, occupation, suicide, dueling, violation of law or military or naval service.

Fifth—While absolutely incontestable for any cause, except non-payment of premium, they provide for immediate payment upon receipt and approval of proofs of death; for reinstatement in case of lapse at any time; premiums are accepted within thirty days of the date due, if the insured is in good health; notes are accepted in settlement; every possible consideration is shown the insured.

Sixth—While the policy itself is the complete contract, a copy of the application is furnished for the information of the insured.

Nothing has heretofore been done in life insurance which will command such world-wide attention and instant approval. It shows that the PENN MUTUAL has reached the goal toward which others are sauntering and far in advance of all its competitors.
